## Training Announcement

### Bridging the Watershed Ranger Workshop – National Conservation Training Center February 3-5, 2009

Content: Bridging the Watershed (BTW) Fundamentals AND BTW Advanced

**Meals and Lodging:** Alice Ferguson Foundation will provide dinner the night before and breakfast and lunch on the day of the training. Lodging will be provided by AFF February 2 -5, 2009. Parks are responsible ONLY for per diem and transportation costs. Participants may sign up for individual days/modules.

**What to bring:** shoes and clothes that can get wet/dirty, pen/pencil, refillable water bottle

**What you'll get out of it:** Learn how you can be involved in the BTW program, learn to love (or at least be comfortable with) leading science programs, and learn the logistics of providing this unique curriculum-based program in your park.

If you have already received BTW training, refresh your knowledge, practice field identification skills, and gain some new skills.

If you have never received BTW training, learn about this fabulous program and become equipped to provide BTW facilitation in your park or cross-training in other parks.

Bridging the Watershed (BTW) is an outreach program of the Alice Ferguson Foundation, in partnership with the National Park Service and area schools, whose purpose is to provide personally meaningful, educational experiences that connect students to their place in the natural and cultural world. NPS rangers co-lead programs with AFF educators for secondary school students and teachers in parks around the National Capital Region. For more information about the program, please visit [www.fergusonfoundation.org](http://www.fergusonfoundation.org).

**NOTE:** Participants must have a supervisor's signature and approval to attend this training.
